

asota Herald articles and Manatee Memorial records from 1992-95. Petitioner called the Office of The Attorney General (D.C.) and informed "Marsha" he knew of all the documents missing and about the pathetic, insane, malicious set ups being perpetrated upon innocent petitioner. Petitioner asserts, he received pathetic, slanderous responses such as "Your real lucky Kevin are you on your medication etc" over and over from this racketeer "Marsha". Petitioner called the Kansas City FBI who made this foolish, conspiring statement "If you hire a (racketeering lawyer) you will get all those documents back" (coercion). Innocent and sane petitioner knew a malicious arrest/kidnapping was being perpetrated but didn't think it would be Frank Wirt's **own brother** (impersonating as a FBI agent) maliciously cuffing (kidnapping) him outside his Trailer **using a rifle** with two others on October 23, 2000.

Petitioner asserts, after the Wirt et al thefts and the decision of Judge(s) Whittemore et al to take this "case" the racketeering enterprise began an all out malicious assault on the innocent, competent and sane petitioner to make him look like an insane, incompetent, mentally ill, drug addict, **fleeing fugitive** since he left John Adelmann's house in December 1996. Petitioner asserts. **this was before** the involvement of Microsoft Corp (CFS Gaming Zone etc) from August 1999-October 23, 2000 (will explain in court). Petitioner asserts, this allowed Frank Wirt et al and the "agents" involved to racketeering money out of the U.S. Treasury through 18 USC 3059(a)(1)(2),(b),(c)(1)etc. Petitioner asserts, these thefts prove the racketeering enterprise was threatening innocent petitioner to "Leave the State" with the illegal entity "Civil(Criminal)injunction" in 1992/93 and again with the malicious 94-6581M misdemeanor charge and its numerous malicious "VOP's" from 1994-96.

Petitioner asserts, the (1948 enacted) 18 USC 3059(a) law was repealed Nov 2, 2002 because it has been proven that: (a) There is no probable cause in this case and for over 15 years, (b) Petitioner had his own residence in C.C.TX, (c) He had his own licensed business in Rockport, TX, (d) The Corpus Christi FBI knew where petitioner lived and kept hanging up on him because they wanted to act like they didn't know where he lived yet were failing at all the **pathetic** ("fugitive") set ups all over the Corpus area, (e) The Nueces County and other County Sheriffs knew where petitioner lived (See: Court appearances and traffic tickets etc), (f) Frank Wirt's **own** senseless brother traveled all the way from Kansas City, MO to illegally place cuffs on (kidnap) innocent petitioner then kidnap him to Tampa, Fl. Petitioner asserts, noone else in the nation would try such an idiotic, cowardly, racketeering kidnapping except Frank Wirt et al who robbed petitioner's court files thus defaming him to look like a "mentally ill, bizzare fugitive", (g) The racketeering enterprise was/is proven **severally** abusing and racketeering reward money out

of the 18 USC 3059 laws. Furthermore, it is proven in petitioner's District Court motions, Appellate and S.Ct briefs filed in 2002/2003 that this whole matter was reversed around **correctly** and the reward money **was due him** and **not** the racketeering enterprise, hence the repealing of 18 USC 3059(a), 3059A & 3059B, Nov 2, 2002.

Petitioner asserts, after the Wirt et al thefts in 1998/99 **certain** Sarasota Clerks and Judges Judy Goldmann et al of the racketeering enterprise falsely dated the 94-6581MAVOP file with a warrant dated approximately December 1996 making the innocent petitioner look like an insane, schizophrenic, incompetent, mentally ill **fugitive** according to 18 USC 3059(a)(1)(2),(b),(c)(1) etc. Petitioner asserts, this proves the involvement of several state and federal judges in the racketeering enterprise and the racketeering out of 18 USC 3059(a) and prejudicial, unconstitutional laws 18 USC 3059A and 3059B (now repealed). Petitioner asserts, this proves the extreme, prejudicial, racketeering activity of protecting the **illegal entity** "Risk_Services" as well as the **legal** entities which include wealthy **influencial** corporations, associations, unions, partnerships, individuals and lawfirms etc. Petitioner asserts, these include (but not limited to) NEA et al, Glacier Water (Loeb Investments et al), Aetna Ins et al, DB&T et al, Scott Paint et al, Bill Griffin et al- (sold Riscorp Ins), Florida Bar et al, Elliot Metcalfe/Tony Dunbar et al, A.C.L.U. et al, Allstate Ins et al, Anderson News et al, Travelers Ins et al (acquired the Aetna claim in 97), Zenith Ins et al (purchased Riscorp Ins using Loeb Invest attorneys), Humana Health Care et al, FMA et al, ABA et al, Sprint Corp et al, and Microsoft Corp et al (will explain in court, internet) and Verizon Corporation.

Petitioner asserts, he made statements in the year 2000 such as "You people are worse than the MOB etc". Petitioner asserts, these **are not** "harassing phone calls" but **the truth** and **Freedom of Speech** under the 1st Amendment of the Constitution. Petitioner asserts, in all actuality the racketeering enterprise **legal** entities ("includes any individual, partnership, corporation, association, or other **legal** entity and any union") hid behind a small **group** of corrupt people (Sandra Bock et al) and **organized** them as a **fake** corporation ("Risk_Services-a **group** of people associated in fact but not a legal entity"(GANG)) then maliciously defamed, framed and sued innocent petitioner on **official court documents** and secretly justifying this racketeering activity by abusing and/or using **unconstitutional** legislation (18 USC 3059). Petitioner asserts, this proves why the racketeering enterprise will not admit a **preliminary** injunction was filed with the temporary injunction Oct 1995 (See: corrupt PSR Dec 2001). Petitioner asserts, these **facts** along with many others listed in his previous motions and briefs proves the Middle District of Florida/Tampa Division and possibly the whole Eleventh Circuit as severely prejudicial towards the innocent, sane, competent, heterosexual and normal petitioner thus this "case"

must be moved to a different Venue other than the **severely** prejudicial Eleventh Circuit (See: past motions, briefs & SR's, 11 page letter to Harley Lappin, Director of BOP exhibit A, and Memorandum of Law pages 36-50).

Innocent and sane petitioner was made to look like an insane, schizophrenic, incompetent, abnormal, mentally ill, drug addict **fugitive** according to and abusing 18 USC 3059(a) etc. Innocent petitioner was finally maliciously arrested/kidnapped **again** (18 USC 1201, 18 USC 1959) at his residence (trailer) rented on Tom Taylor's Buena Vista Trailer Park 5115 Up River Rd, Lot 47, C.C.TX at approximately 11:30AM October 23, 2000. Petitioner asserts, the **brother** of Frank Wirt (posing as a FBI agent) maliciously cuffed/kidnapped innocent petitioner with two racketeering enterprise "federal agents" **even** using a rifle. Petitioner was then taken before the prejudicial racketeering enterprise Magistrate Judge Jane Cooper Hill, C.C.TX, who illegally justified probable cause for the racketeering enterprise with a very defaming "Pretrial Services Report" which also mentioned the defaming, racketeering "genetic, spinal stenosis, psychiatric disorder etc" since at least 1990, severely abusing 18 USC 4241-4247, 18 USC 3059 etc. Petitioner asserts, a very defaming "Detainment Order" dated Nov 2, 2000 was signed by the corrupt Magistrate Judge Hill which illegally justified probable cause for the racketeering enterprise by maliciously defaming innocent, sane and stable petitioner to look "unstable"(homeless, incompetent, insane, mentally ill etc), "disputing"(harassing, violent, threatening, schizo etc) **even** for nearly his whole life. Petitioner asserts, these pathetic, outrageous lies justify the "genetic, spinal stenosis psychiatric disorder" and much more racketeering enterprise activity for over 15 years.

Petitioner asserts, he was then kidnapped to Tampa, FL via Oklahoma City in November 2000. Petitioner was threatened to sign medical release documents at the Hillsborough County, Morgan Street Jail, he would not sign. Petitioner was taken before a racketeering enterprise Magistrate named Thomas G. Wilson on Dec 7, 2000 who in turn ridiculed innocent petitioner for stating "Dr". DeClue et al were extremely corrupt and then he appointed a racketeering lawyer named Ellis Curry against petitioner's wishes and constitutional right to represent himself. Petitioner was again threatened to sign the medical release documents by a defaming psychiatrist but he would not sign. Innocent petitioner informed the "defense" attorney to place a motion for speedy jury trial but petitioner asserts, if the "defense" attorney would have been doing his job he would have placed a "Petition for Writ of Habeas Corpus under 2241" just as petitioner is doing right now. Petitioner asserts, the "Speedy Jury Trial and Release From Detention Motion" was a defaming joke by Curry et al which not only justified probable cause, it did so by requesting "without prejudice against the plaintiff's" (racketeering enterprise).

Petitioner asserts, a unnecessary defaming "status/competency hearing" took place on February 2, 2001 before a **sick**, defaming, racketeer enterprise Judge by the name of **James D. Whittemore**. Petitioner asserts, this sick, prejudicial, lying, racketeering judge **did** maliciously, illegally and unconstitutionally defame petitioner as "insane, incompetent, corrupt, bizarre etc" and threatened "I am going to send you to Rochester, MN to do a study and you will cooperate with our "Dr". Taylor etc". Innocent and sane petitioner immediately began contacting churches in the Tampa, FL area to find a honest psychologist and did in Dr. William E. Bonney Ph.D. Petitioner asserts, the very next day (Feb 3, 2001) he was forced to Morgan Street Jail "Clinic" by Officer Cooper and the "nurse" made these racketeering statements, "You had an MRI done in 1990, you have spinal stenosis, you really do need to get that **back surgery** etc". Petitioner immediately wrote Dr. Bonney and informed him that the medical/psychiatric frauds have just been solved **after ten** long years. Petitioner sent the "defense" attorney six letters over two weeks trying to get him to contact Dr. William E. Bonney Ph.D. Petitioner spoke to Dr. Bonney for the first time on the phone Feb 8, 2001 and was informed that the "defense" attorney made no effort to contact Dr. Bonney even after several messages on his recorder. Petitioner asserts, on Feb 20, 2001 the racketeering enterprise attorney (Curry) came into the Morgan Street Jail, stated he received no letters from petitioner and asked "If I get the approval for Dr. Bonney to conduct an exam will you see (**our**) Dr. Taylor". Petitioner stated, "I will only see Dr. Bonney first".

Petitioner asserts, the very next day "Dr". Taylor came into the Morgan Street Jail and was harassing and threatening innocent petitioner with a contempt of court if petitioner did not talk to him. Petitioner informed "Dr." Taylor that Dr. Bonney would be seen first and for him to leave the jail. Petitioner was being maliciously defamed and threatened by the "U.S. Marshals" and Hillsborough "Officers" with an **insane asylum** for not speaking to "Dr." Taylor. Petitioner called Dr. Bonney and informed him that a contempt of court would be taken just to see him first. Petitioner asserts, a malicious contempt of court did come from the racketeering enterprise judge(s) James D. Whittemore et al. Petitioner waited for Dr. Bonney to arrive in the jail and he finally did March 9, 2001. Innocent petitioner was found **sane** and competent **without** medication (no probable cause) and the exam was mailed to petitioner with a **falsified** set of transcripts from Ellis Curry et al on March 14, 2001 (mail fraud 18 USC 1341). Petitioner was immediately taken to the corrupt courtroom of James D. Whittemore on March 15, 2001, harassed for finding Dr. Bonney and threatened to see "Dr." Taylor, then ridiculed for stating "the defense attorney was going to be sued" (See: Judicial complaints filed Nov 2001, Feb 2002, Appellate brief 03-11467 & C.Ct brief 02-10290).

Petitioner asserts, the racketeering enterprise judge continued to make slanderous and coercive statements towards petitioner including maliciously and unconstitutionally denying all subpoena's and evidence submitted by petitioner up to the unconstitutional trial August 13-15, 2001 and thereafter. Petitioner proceeded to and done the trial pro se with the racketeering enterprise "co-counsel" Dan Daly defaming and stealing from the innocent petitioner with the "prosecutor" and racketeering judge. Petitioner asserts, Tom Taylor et al(C.C.TX) were directly involved in this malicious, unconstitutional racketeering enterprise activity, as well all belongings were stolen from petitioner thus making him homeless. Petitioner was unconstitutionally denied the right to subpoena Tom Taylor et al, yet the racketeering "U.S. Attorneys" (Porcelli et al) were able to subpoena Tom Taylor, who maliciously slandered innocent petitioner at trial Aug 14, 2001. Petitioner asserts, not only did Tom Taylor aid in the unconstitutional conviction by slandering the innocent petitioner as "very aggressive etc" he also attempted to use defaming, corrupt documents from Elliot Metcalf et al (P.D.) thus justifying the corrupt BOP study, PSR, and the malicious, unconstitutional sentence by the racketeering enterprise. (See: Judicial Complaints, DATRA. Memorandum of Law pg 41-50, 03-11467 & 02-10290).

Petitioner asserts, he was maliciously denied a fair trial and unconstitutionally convicted of "Harassing phone calls" (on the racketeering enterprise) and "a threat on Tony Dunbar" (of the racketeering enterprise). Petitioner was then maliciously threatened by the racketeering enterprise judge James D. Whittemore "I am sending you to Rochester MN, for a study Mr. Wiederhold" Petitioner was then maliciously threatened by corrupt, coward "U.S. Marshals" in Tampa FL, "If you try to appeal your case pro se you will get 10 years Wiederhold so just take your 6 months (harassing phone call(s)) and just fade away etc" Petitioner asserts, this conspiring, cowardly, racketeering enterprise threat was/is a pathetic attempt to justify probable cause for all malicious perjurers and law enforcement even all the way back to the racketeering enterprise illegal entity injunction 92-4293CA. (See: 1994 lawsuits, 1995 preliminary injunction, all pro se motions/briefs since 1992, Memorandum of law and all letters sent to St.Louis Post and FOX news 13, Tampa, FL).

Innocent and sane petitioner placed 3 motions for Dr. Bonney to do the (unnecessary) "Presentence study under 18 3552(b)" in the local community and all were prejudicially denied. Petitioner was then kidnapped to Rochester Medical Center where numerous "psych" personal and Constance Reese et al were anxiously waiting since at least Oct 2000 to destroy the innocent, sane, competent and heterosexual petitioner. Petitioner asserts, he was horribly defamed with the "BOP study" severely abusing 18 USC 3552(b), 18 USC 4241-4247, 18 USC 875, 47 USC 223 etc to justify

probable cause, the unconstitutional convictions/sentence and racketeering enterprise activity since 1990 or before. Petitioner did file a Interlocutory Appeal brief on the racketeering enterprise "Order directing presentence study" using the March 9th, 2001 exam by Dr. Bonney but it was criminally denied/supressed by appellate court clerks. Petitioner was then kidnapped back to Tampa Bay, FL November 30, 2001 where he received the "Presentence Investigation Report(PSR)" and "BOP Study" concocted by the racketeering enterprise perpetrators Edwards et al, Chris Castellano et al, Kelly Ball et al, Christine Scronce et al, Constance Reese et al, Lynn Billings et al and Porcelli et al. Petitioner submitted a legal and **truthful** 17 page rebuttal to the "PSR" by Dec 21, 2001. Petitioner started receiving racketeering striking orders on his **legally correct** "Defendant's Affidavit To Rebut Allegations"(DATRA), Rebuttal to the PSR, and Motion to Dismiss PSR. Petitioner placed notice of appeals on every pathetic, prejudicial, racketeering striking order.

Petitioner was taken before the racketeering enterprise judge James D. Whittemore for "sentencing" on Jan 17, 2002 at which time several corrupt, coercive, defaming statements were made including "If you take medication, I will let you out of jail etc" Petitioner declined and told the racketeering, lunatic James D. Whittemore to **recuse himself** from the bench immediately. Petitioner was then maliciously, illegally and unconstitutionally "sentenced" to 37 months in prison by the racketeering judge(s) James D. Whittemore et al for the rest of the racketeering enterprise. Petitioner did file a Notice of Appeal Jan 22, 2002 and another Judicial Complaint on James D. Whittemore et al on Feb 2, 2002. Petitioner received the corrupt "sentencing" material on Jan 22, 2002 which was signed by the racketeering judge James D. Whittemore on Jan 17, 2002. Petitioner was horribly defamed in a corrupt Tampa Tribune article which maliciously justified over 11 years of racketeering enterprise activity (article stolen). Petitioner never received a response (by law) from the Appellate court on either Judicial Complaints filed.

Petitioner was then kidnapped to Beaumont **Medium** FCI by the racketeering enterprise "U.S. Marshals" Petitioner asserts, these defaming, malicious, non-statutory, unconstitutional imprisonments were/are being funded through the racketeering enterprise (See: "Sentencing" material dated Jan 17, 2002, page 4, para 1, line 3, "**third parties**") especially after the repealing of 18 USC 3059(a), 3059A and 3059B Nov 2, 2002. Petitioner asserts, within 1 1/2 months after the repealing of the 18- USC 3059 laws Constance Reese transfered from Rochester, MN to become the Warden of the Beaumont Facility just for this illegal and unconstitutional "case" and to continue maliciously imprison the innocent petitioner. Petitioner endured, persevered and suffered through all the **pathetic**, senseless, malicious, defaming, cowardly, racketeering acts by BOP personal Mr. Green et al, Mr. Ordonez et al, Mr. Lacy et

Ms. Flanagan et al, certain Lieutenants, Constance Reese et al and others listed on letters, motions and briefs to Congressmen, Senators, District Court, Appellate and Supreme Court from Feb 2002--July 2003/present. Petitioner asserts, these racketeering enterprise cowards used pathetic, senseless, false accusing inmates to perpetrate senseless set ups and even used one of them to maliciously, falsely accuse innocent petitioner in a court somewhere yet were exposed in letters, motions and briefs long before (See: Letter to Lappin Exhibit A, Program Review Report Ex N"CIM").

Petitioner started receiving conspiring, defaming letters March of 2002 from the newly appointed "defense" attorney Ryan Truskowski located in Orlando Fl. Petitioner relentlessly tried to get the racketeering "defense" attorney to send the falsified transcripts but he would not send them. Petitioner asserts, the racketeering "defense" attorney concocted a **fake** Direct Appeal brief on the "sentence" which maliciously defamed (innocent, competent, sane and heterosexual) petitioner of "senselessly harassing/threatening (even sexually) FBI agents James Handley et al and their illegal entity "Risk_Services/Risk_Corp"(of the racketeering enterprise) from ?/1992-2000/? Petitioner asserts, this **fake** attack on the malicious, non-statutory, unconstitutional, racketeering "sentencing" material and **no** attack on the malicious, unconstitutional **conviction** produces the following racketeering scenarios:

- (a) Justifies all the malicious, false allegations/perjury by the racketeering enterprise since 1990 or before (See: Memorandum of Law 36-50, S.Ct 02-10290).
- (b) Justifies all the malicious **No Probable Cause** arrests/kidnappings by the racketeering enterprise "law enforcement personal" etc since 1992.
- (c) Justifies all the **continued** malicious prosecutions and malicious imprisonment by the racketeering enterprise lawyers and judges since 1990/92.
- (d) Justifies all malicious, non-statutory, racketeering, union/corporation to corporation psych/medication/halfway-house "**third party co-pay**" agendas.
- (e) Justifies the whole malicious, racketeering enterprise Appellate brief by David P. Rhodes et al, the "PSR" by Castellano et al and the "BOP Study" by Constance Reese et al (See: Rhodes et al brief, Truskowski brief and all of petitioner's pro se motions and briefs filed since 2001).
- (f) Attempts to have the defaming, illegal, unconstitutional convictions overturned **in the District Court** through a corrupt attorney and/or the A.C.L.U. with a 2255 falsely based on incompetency, insanity and/or serious mental defect when the normal, sane, competent and heterosexual petitioner was found sane and competent by Dr. Bonney March 9, 2001. (See: BOP Studies, Unions of the BOP, Letter to Mr. Lappin Exhibit A, Memorandum of Law 38-41, 43-50).

Petitioner asserts, he is being prejudicially denied justice and his constitutional rights by the racketeering judges in the Middle District of Florida/Tampa Division, Eleventh Circuit Appellate and Supreme Court Clerks on all **pro se** briefs and motions filed since October 1995. Petitioner even created a Supreme Court Petition for Rehearing June 2003 (before release July 03) here at Beaumont FCI, which clearly stated that Mr. Green et al and Mr. Lacy et al were **desperately** trying to destroy innocent and sane petitioner by sending him to Springfield Federal Medical Center for the racketeering enterprise. Petitioner was completely correct only his excellent petition was prejudicially denied Oct 6, 2003 by a corrupt clerk at the Supreme Court. Innocent petitioner lost a good paying Route job Sept 5, 2003 because of a **fake** (Mr. Lacy et al) "94-6581MAVOP possible detainer" arrest/kidnapping (18 USC 1201(24hrs)) Sept 2, 2003 and released in **20** hours Sept 3, 2003. Petitioner was then nearly killed at a construction job Sept 20, 2003. Petitioner then went on to win against the racketeering enterprise Oct 10, 2003 in the Sarasota County Courts on the malicious 94-6581MAVOP allegations/charges perpetrated from Aug 1995-Aug 1996 (See: Sarasota County internet web site). Petitioner asserts, after the construction accident and the dismissal of the 94-6581MAVOP allegations/charges by Judge Bonner at arraignment (**no** probable cause) the racketeering enterprise then tried to force a power of attorney on him Oct 21, 2003. Petitioner asserts, when the (desperate) racketeering enterprise lost before Judge Bonner and failed at the power of attorney they **again** planned a malicious arrest/kidnapping at the YMCA through Mel Carver et al and corrupt Marshals/City Cops on Nov 5, 2003 (See: Letter to Mr. Lappin Exhibit A, pg 53-54, and all motions to the Springfield Court).

Petitioner was maliciously defamed again by the racketeering enterprise, its judges and "U.S. Marshals" at hearings Nov 5, 2003 and Nov 12, 2003. Innocent Petitioner was illegally and unconstitutionally "sentenced" to a grade C **maximum** nine month sentence claiming he harassed the racketeering enterprise Zenith Insurance attorneys "John Tickner et al" all the way out in Woodland Hills CA. Petitioner asserts he **did not** get into a fight with the racketeering Tampa Bay, FL "U.S. Marshals" as Mr. Green et al is lying and defaming petitioner with at **this time**. Innocent, competent and **sane** petitioner did resist **without violence** Nov 5, 2003 as he knew it was a malicious arrest/kidnapping by the **abusive** racketeering enterprise. Petitioner was sent to the Port Charlotte Jail Transfer Center where he attempted to send Governor Jeb Bush an eight page letter explaining the racketeering and the fact that "Probation Officers" Molly Mines et al falsified federal "violation" documents stating petitioner **lost** ("**term** of probation on 10/10/03") instead of **won** (termination of probation 10/10/03) before Judge Bonner. Petitioner was then maliciously slandered by a female Port Charlotte Jail "Officer" as he left that facility

in Dec 2003, with the corrupt/framing statement **"its bad business"** over and over. Petitioner was then sent (kidnapped) to the Miami Federal Transfer Center where he learned he was being sent (kidnapped) to Springfield Federal Medical Center just as his **excellent** S.Ct Petition for Rehearing stated would happen over four months before. Petitioner was sent (kidnapped) to the Oklahoma Transfer Center where he was viciously harassed, defamed and threatened by corrupt BOP "officers" and "psychologists" who ended up making the pathetic statement "You will like Springfield".

Petitioner was then sent (kidnapped) to Springfield Federal Medical Center Dec 18, 2003 and upon arrival was being coerced (**again**) to sign **power of attorney** and other racketeering documents by Ms. Weaver and Darla Dunn ("Counselor"/"Case-Manager") but **did not** sign these **unconstitutional** documents. Petitioner then tried to file a Petition for Writ of Habeas Corpus under 28 USC 2241 but was maliciously and **unconstitutionally** denied this right by the Springfield Clerks through the appointment of another corrupt attorney from the Missouri Public "Defenders" Office. The innocent petitioner was maliciously and **unconstitutionally** imprisoned in a lockdown or "Ward Restricted" environment for no reason for almost five months. Petitioner asserts, he was maliciously threatened by the Warden Mr. Hedrick (now resigned) "If he files anymore s___ in the court, he is never leaving". Petitioner asserts, by April 2004 he had found two "Bonafide Residences" according to 18 USC 3624(d)(3) and wrote the Springfield Probation Office twice but got no response. Petitioner was then given a pathetic, non-statutory, **unconstitutional** (faxed) letter sent from Chris Castellano to Darla Dunn which **forced** petitioner back to Tampa Bay, FL. Petitioner asserts, he was viciously harassed and coerced by Darla Dunn et al to sign several non-statutory, racketeering documents before his release August 2004 but he did not sign them. Petitioner created a five page affidavit and had an inmate send the affidavit to the Springfield Court on August 4, 2004. Petitioner revealed new information about the criminal and **unconstitutional** behavior of the racketeering enterprise in this affidavit (See: Mr. Lappin letter, Exhibit A, pg 55-56).

Enter Petitioner arrived in Tampa, FL on Aug 5, 2004 and by Aug 6, 2004 had reported to the racketeering enterprise lunatics at the "U.S. Probation Office". Petitioner asserts, he explains all the racketeering enterprise activity that was perpetrated from Aug 6, 2004 through Oct 7, 2004 in the Mr. Lappin letter (Exhibit A, pg 56-57). Petitioner asserts, the most serious racketeering enterprise activity was the falsification of petitioner's excellent job resume that he created in July of 2003, the Vicky Kijanski frauds of Aug 2004 and the thefts of documents including the theft of a fedex package sent by the "U.S. Probation Office" in Aug 2004. Petitioner asserts, the **stupid** racketeering enterprise lunatics actually falsified petitioner's

job resume to say "I STARTED MY SMALL BUSINESS WHILE WORKING FOR GLACIER WATER COMPANY". Petitioner asserts, this malicious falsification of his job resume by certain racketeering enterprise "individuals" (Castellano et al, Dunbar et al) coincides perfectly with the slanderous statements by the Port Charlotte Jail "Officer" who continually stated "Its bad business" (See: Mr. Lappin letter Exhibit A, pg 54-56) Petitioner asserts, this malicious, theiving, lying, defaming, framing, unconstitutional, racketeering enterprise (job resume) activity connects all the racketeering enterprise activity since 1989/90 (See: Page 22 (a)-(f) this petition, Memorandum of Law).

Petitioner asserts, he corrected and revamped his job resume and was eventually employed (fulltime) by SunShine Thrift Store in Tampa Bay, FL on Sept 28, 2004. Petitioner asserts, he visited the "U.S. Probation Office" three times in Aug 2004 and on one of the visits he was instructed by Mr. Castellano **not to come into the office** but that they would visit petitioner at the Shelter or at work. Petitioner asserts, **he did** keep in contact with Mr. Beasley by phone **numerous** times in Aug/Sept 2004 including the **last** conversation on Sept 29, 2004 which was different than all previous conversations. Petitioner asserts, he worked at SunShine Thrift as a Route Driver up until Oct 7, 2004 at which time he was maliciously arrested (kidnapped) again by three racketeering enterprise "U.S. Marshals". Petitioner asserts, he **did not** get into a fight with the racketeering enterprise "U.S. Marshals" as the **liars** Green et al are **maliciously** defaming the innocent petitioner with here at this prison (See: Mr. Lappin letter Ex A pg 57-58, Program Review Report Ex N pg 99 "Current Violence").

Petitioner asserts, his Drivers License was stolen (with the **correct** spelling of his name) by the cowardly, racketeering enterprise "U.S. Marshals" and then illegally booked (**again**) with the **fake** name "Weiderhold" that the racketeering enterprise has illegally and **unconstitutionally** used since May of 1992. Innocent petitioner was taken before the next racketeering enterprise Magistrate Judge Mark Pizzo on Oct-8, 2004 and (**again**) **unconstitutionally coerced** to hire the pathetic, racketeering Federal Public "Defenders" Office, petitioner would not hire them. Petitioner asserts, the racketeering enterprise "U.S. Probation Officer" Castellano et al and "U.S. Attorney" Masakowski maliciously **perjured** themselves on innocent petitioner with the corrupt "Judge" allowing it, including justifying Vicky Kajanski who is a Social Worker and **not** a psychiatrist or psychologist. Innocent petitioner was then **unconstitutionally** detained (kidnapped) **without** a "revoking" hearing until Jan 26, 2005 and while in the **corrupt** Hillsborough County Jail he was maliciously defamed on the computer system by several "Officers" and a few inmates who petitioner will refer to as "Officers" Davis & Green et al and inmates Poster & Woods et al (See: Lappin letter Ex A pg 57-58, Dec-Feb 2005 letters to St. Louis Post/FOX News, Memorandum of Law pg 38-50).

Petitioner mailed the "Motion to Expedite Hearing" on or about Jan 18, 2005 exposing the racketeering enterprise union/corporation to corporation psych/medication/halfway-house "third party co-pay" agenda and other racketeering activity. Petitioner was quickly brought to the racketeering courtroom of James D. Whittemore et al on Jan 26, 2005. Petitioner found out later the racketeering cowards falsified the court file on Jan 20, 2005 with their own "Notice/Motion for Hearing" to avoid answering the allegations on petitioner's motion which also requested subpoena's and a racketeering investigator appointed under 18 USC 1961(7). Innocent petitioner was again unconstitutionally denied his right for subpoena's and witnesses on his behalf to prove his innocence and the thefts etc by the racketeers. Petitioner asserts, no witnesses came (as usual) to justify the pathetic, false (Civilly Confining) "Threat to the community allegation," not even Vicky Kajanski et al. (See: Memorandum of Law pg 36-50).

Petitioner asserts, the racketeering enterprise lunatics Castellano et al and Masakowski et al (involved since 1990) again maliciously perjured themselves with the racketeering enterprise judge directly involved resulting in another sham, unconstitutional "VOP revoking/conviction." Innocent petitioner asserts, he was prejudicially, maliciously and unconstitutionally slandered by the racketeering judge with outrageous statements such as "I don't think you can make it on the outside(Civil Confinement)", "I think you like prison(Mentally defective)" and "I am trying to help you (Racketeering psych agenda etc)". Petitioner asserts, he again immediately told this sick racketeering enterprise judge to recuse himself from the "case" but the sick judge would not recuse himself because he is substancially caught up in this criminal activity. Innocent petitioner was maliciously, non-statutorily, unconstitutionally "sentenced" to 12 months imprisonment(Civil Confinement) yet the "Special Supervised Release" was "dropped" by the racketeering enterprise(even with one year left) because they were exposed. Petitioner asserts, the racketeering enterprise judge then stated petitioner had a right to appeal but another (racketeering enterprise) lawyer would be (unconstitutionally) appointed (See: Lappin Ex A pg 57-58, Appellate 03-11467, S.Ct 02-10290, Memorandum of Law).

Petitioner asserts, he did place another Notice of Appeal Feb 2, 2005 but clearly stated his constitutional right to represent himself and his citizenship in the United States is permanently renounced if any lawyer is ever appointed again by any court in the United States. Petitioner asserts, he then received another falsified, racketeering docket printout from the Clerks at the Tampa Bay District Courthouse. Petitioner then filed a grievance with the Hillsborough County Sheriffs Office concerning mail fraud by the District Court Clerks according to 18 USC 1341 etc. Petitioner asserts, certain racketeering enterprise County "Officers" and cowardly "U.S. Marshals" then maliciously conspired to send the correct, competent and sane petitioner to Springfield Federal Med Center simply for filing this perfectly correct grievance. Petitioner asserts, he then received a very corrupt Briefing Schedule/Corporate Disclosure directions from certain

racketeering Clerks at the Atlanta Appellate Court which were dated Feb 24, 2005. Petitioner asserts, the Corporate Instruction page closely mimicked the definition of a racketeering enterprise (18 USC 1961(4)) except for the entity UNIONS missing from the directions/paragraphs. Petitioner asserts, he immediately sent letters to the St. Louis Post Dispatch and FOX News 13 concerning this **new** racketeering enterprise information he just just received. Petitioner then, began working on a Petition for Writ of Habeas Corpus under 2241 to the Supreme Court on the Hillsborough County Sheriff, Mr. Gee (See: Lappin Ex A pg 58, Media letters, Memorandum of Law).

Petitioner asserts, he was removed (kidnapped) from the Hillsborough County Jail on/about March 15, 2005 and flown to the Atlanta, GA USP Detention Center where he **again** received a "Computation Points" printout that stated "Threats to Judiciary Agents". Petitioner asserts, this computation printout **did not** have the latest "Supervised Release violation" on it which Greene et al may be referring to and **lying** about concerning a "fight with U.S. Marshals"(if U.S. Marshals are Judiciary Agents). Petitioner asserts, he received a similar printout from "Case Workers" Bell et al here at Beaumont Medium in 2003 and from Darla Dunn et al at Springfield in 2004, therefore they must say petitioner has been "Threatening and fighting U.S. Marshals" since 1990 which of course never happened **nor** have U.S. Marshals ever approached or spoke to the innocent petitioner until Oct 2000 (See: Lappin Ex A pg 60-61, original indictment). Innocent petitioner explains in the May 19, 2005 Lappin letter (Ex A - pg 59) what occurred when he was transferred (kidnapped) to Atlanta, GA USP and Chicasha, OK Jail between March 15 and April 21, 2005 but realizes these Civil Rights violations **might not** be considered in this petition. Petitioner did lose his appeal chances while in transfer nor was any legal work forwarded by the racketeering "U.S. Marshals" in Tampa Bay, Florida.

Innocent petitioner asserts, this Atlanta, GA USP illegal and unconstitutional detainment is the earliest paper trail of the illegal and unconstitutional **execution** of this Jan 27, 2005 "VOP sentence". Petitioner asserts, **all** BOP imprisonments since 2001/2002 are prejudicial abuse, non-statutory and unconstitutional **execution** of the "sentences" and by "individuals" (18 USC 1961(4)) abusing their power in the BOP, **its Unions** and other racketeering enterprise entities. Petitioner **has never stated** the government and BOP are a racketeering enterprise as some are **twisting** his statements to mean thus maliciously attempting to make petitioner look extreme and paranoid (See: Lappin Ex A pg 59, Chicasha grievance, Memorandum of Law pg 41). Petitioner asserts, upon intake at Beaumont, April 21st, 2005 a corrupt "Case Manager(s)" Mr. Helaire et al presented a printout stating "Offense-Serious 10" which is defamation and could mean Grade A, B or C according the Federal Sentencing Guide-

lines Title 18, Chap 4, 7B1.1 - 7B1.4.. Petitioner asserts, in a Grade A, B or C "serious" violation the "Supervised Release" would never have been dropped as he would have been considered a "Threat to the community" especially with a 12 month sentence, no good time allowance and imprisoned in a **Medium** facility. Petitioner asserts, he was unconstitutionally forced to Tampa Bay, FL in July of 2003 when he had a Bonafide Residence in Corpus Christi, TX, nor did he want to be near the racketeering enterprise "U.S. Marshals" so how can petitioner be a threat to them or that community. Futhermore, innocent petitioner was **again** forced to Tampa Bay, FL from Springfield Federal Medical Center in August 2004 even with their "Psych-Dept" finding petitioner a "Non-Threat to the community" (without medication) in April 2004. Petitioner asserts, these facts prove there were no threats on the "U.S. Marshals" or anyone else anywhere from July 1, 2003-Nov 2003 and Aug 5, 2004-Oct 7, 2004 (See: Lappin letter Ex A pg 52-53, 55-56, 60).
